

WHY ADULT EDUCATION MATTERS

Louisiana's Population | 4.68 Million

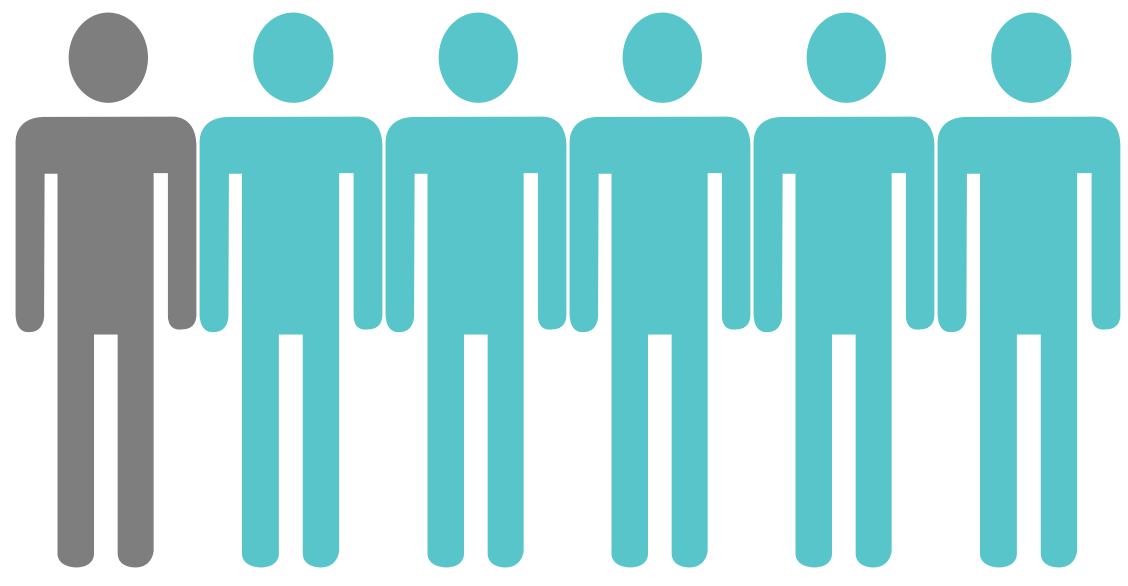

**Working age defined as age 25 to 64 years*

Educational Needs of High-Demand Industries

Our Challenge

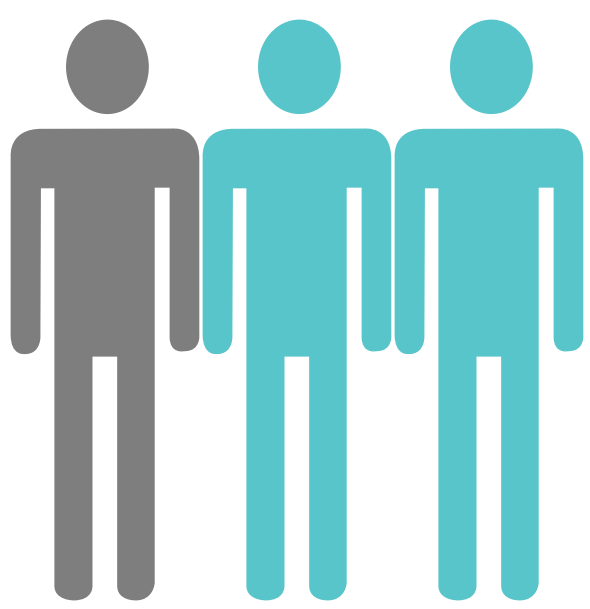

Literacy

1 in 6 Americans have less-than-basic literacy

Roughly 36 million U.S. adults have only basic vocabulary knowledge and struggle when working with anything other than short texts.

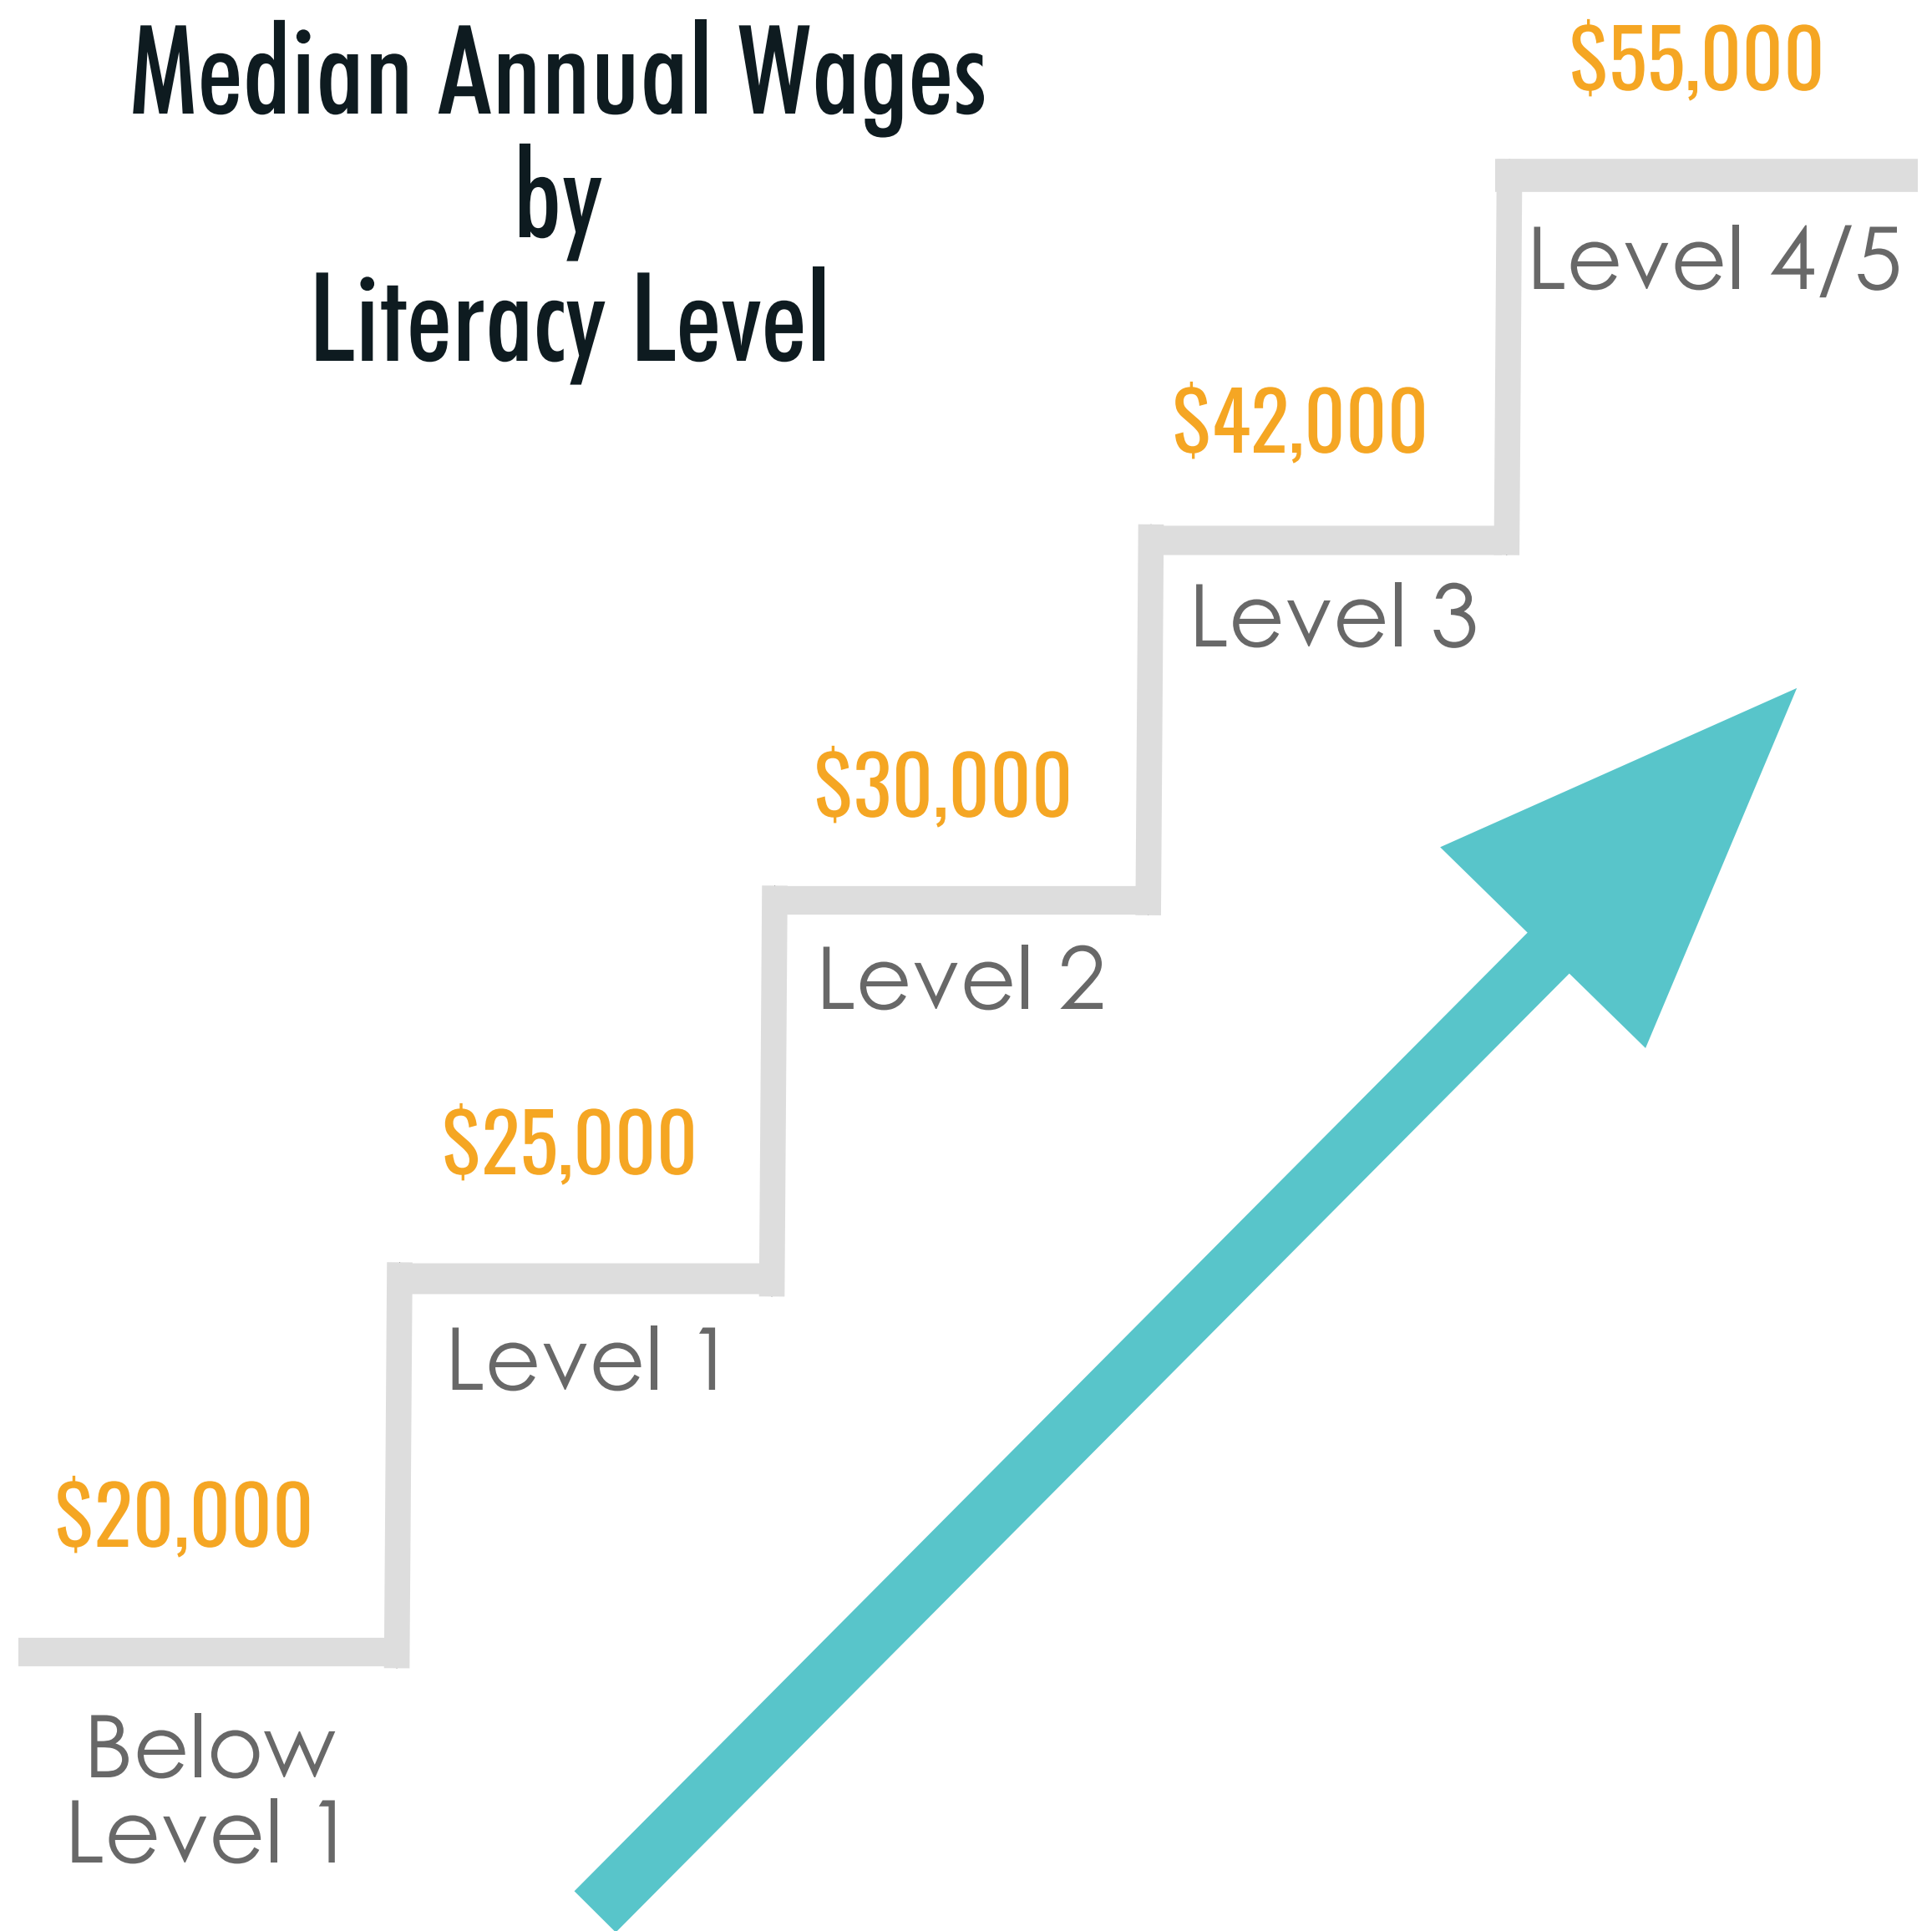

Numeracy

1 in 3 Americans have less-than-basic numeracy

Almost 30 percent of U.S. adults have difficulty solving anything beyond simple mathematical operations involving counting, sorting, and basic arithmetic.
